Welcome to GovTrack

Use GovTrack to research and track legislation in the United States Congress, including Members of Congress, bills and resolutions, voting records, and committee activity.

Members of Congress
Use our Congressional directory to research current senators and representatives and all Members of Congress dating back to the founding of our nation. We also compute statistics such as ideology, leadership, and missed votes.
Track Members of Congress to be alerted when they introduce new bills or vote.

Bills & Resolutions
GovTrack follows the status of all bills in Congress from introduction to passage, how bills change through their life cycle.
Track bills by subject or keyword to be alerted when legislative action takes place through the House and Senate.

Voting Records
Our votes database tracks the votes of Members of Congress while they are present.
Track votes to be alerted after every vote in Congress.
